

It's Featured Artist Friday!

It's Featured Artist Friday and as promised, here are three new songs that are up for rotation! This week is all about Lee Brice.

Lee Brice is a man whose time has come. On his stunning sophomore album, *Hard 2 Love*, the four-time Academy of Country Music nominee demonstrates a new maturity and patience, both in his songwriting and vocals. The first of his songs up is "A Woman Like You," a married couple's starkly honest meditation on love and devotion. Immediately upon release, the mid-tempo ballad became iTunes' number five most-purchased song and sold more than 30,000 copies a week. Not bad for a first single off an album. Next is the title track off of his album, *Love Like Crazy*, which was named Billboard's most played country song of 2010. It still holds the record for the longest-charting song in the history of Billboard's Hot Country Songs chart. His second album's third single, "I Drive Your Truck", was released on December 3, 2012. The song is a ballad about the narrator driving a truck owned by his brother, who died in action serving in the armed forces. It reached number one on the Country Airplay chart in 2013.
