

Merle Haggard, from day one, was the product of hard times.

There aren't any country music icons bigger than the legendary Merle Haggard!

Haggard was born in Oildale, California, in 1937 to Jim and Flossie Haggard. His parents had come from the ravaged state of Oklahoma looking for work after their farm burned up. The family lived in an old boxcar converted into a home until Jim died of a stroke when Haggard was

only 9 years old.

He briefly lived with his aunt and uncle while his mother found work as a bookkeeper, but within a year he hopped a freight train to Fresno.

Although he was sent back home by the authorities, it was the first in a long line of misdemeanors and petty crimes that would be a hallmark of his young life.

While he spent a large part of his youth in and out of juvenile detention centers, Haggard took up the guitar and began performing around the state and earned a small following. He even met his hero Lefty Frizzell and got to sing with him on stage.

Unfortunately, at the age of twenty, Haggard was arrested for attempted robbery and ended up in San Quentin state prison for three years.

While there, he met a convict who ended up being a key figure in his life - a man simply known as Rabbit.

The story goes that Merle was originally going to attempt an escape with him, but Rabbit convinced him that his gift of music was going to pull him out of a life of crime and that he should serve his time and become a full-time musician.

While his foresight in Merle's abilities was correct, Rabbit's escape attempt turned sour and was unsuccessful.

A guard was killed and Rabbit found himself on death row.

His execution had a lasting effect on Haggard and his music throughout his career.

Haggard is associated with the Bakersfield Sound and the Outlaw Country movement.

Released from San Quentin in 1960, Haggard found himself in the up-and-coming Bakersfield music scene which saw itself as a counter to the smooth Nashville sound which dominated the radio waves. Trying to move on from his life of crime, in 1962 he made his way to Las Vegas where he played as a bassist for the Wynn Stewart band. He covered one of Stewart's tunes, "Sing a Sad Song", as his first recorded single and it made it into the Billboard Country Top 20 in 1964.

It wasn't long before another of his singles, "(My Friends Are Gonna Be) Strangers", found itself in the Top 10.

He had a real breakthrough in 1967 with three Top Ten singles – one of which, "The Fugitive", became his first #1 hit.

Haggard feared that his past life as a convict would derail his music career, but at the insistence of Johnny Cash he opened up his story to the public and it resonated with the people.

Over the next several years, Haggard had a string of hits. Before the end of 1967, he wrote and recorded two more #1 singles: "Branded Man" and (in memory of his friend Rabbit) "Sing Me Back Home".

He wrote two more chart-toppers in 1968 with "The Legend of Bonnie and Clyde" and "Mama Tried", a semi-autobiographical account of his relationship with his mother.

He released another semi-autobiographical single shortly after, "Hungry Eyes".

"The Fightin' Side of Me" was later described by Toby Keith as "the original angry American song".

His next few songs, released in 1969 and the early 1970s, made Haggard into a political symbol. “Working Man Blues”, “Okie From Muskogee”, and “Fightin’ Side of Me” were all seen by the public as unofficial anthems of the “silent majority” that supported the Vietnam War and detested the anti-war movement. Merle found himself unconditionally pardoned by the governor of California, Ronald Reagan, and was invited to sing at the White House by President Richard Nixon. George Wallace, the controversial Governor of Alabama, even sought his endorsement – an endorsement Haggard did not give.

Haggard performed for President Richard Nixon and his wife Pat at the White House in 1973.

Haggard did not let the furor surrounding his music get in the way of touring and recording. He had many more hits in the next few years, including “Daddy Frank (The Guitar Man)”, “Grandma Harp”, “I Wonder If They Ever Think of Me”, “Movin’ On”, “The Roots of My Raising”, and too many more to list here.

He went through a rough patch in the late 1970s while divorcing his second wife, but found himself back on top in 1980 with the single “Bar Room Buddies” with Clint Eastwood. The hits continued throughout the 80s, with his last #1 single being “Twinkle, Twinkle Lucky Star” in 1987.

Merle Haggard still tours and records to this day, even after battling lung cancer. His latest album, *Workin' in Tennessee*, was released in 2011 to strong reviews.

He has won numerous awards and recognitions, including an induction into the Country Music Hall of Fame and Museum in 1994, three Grammy Awards (including a Hall of Fame Award in 1999), and honors from the Kennedy Center in 2010. He is firmly entrenched as an American music icon.

Now in his mid-70s, Haggard still tours and records new material!
